

Chemotherapy Protocols

BREAST CANCER

Protocol	Hospital Using the Protocol
Accelerated EC – Accelerated Paclitaxel	RSCH, ASPH, SASH, FPH
Accelerated EC – Paclitaxel & Carboplatin	RSCH, ASPH, SASH, FPH
Accelerated EC - Docetaxel	RSCH, ASPH, SASH, FPH
Capecitabine	RSCH, ASPH, SASH
Capecitabine and Docetaxel	RSCH, ASPH, SASH
Carboplatin	RSCH, ASPH, SASH
Docetaxel	RSCH, ASPH, SASH
Docetaxel and Cyclophosphamide	RSCH, ASPH, SASH, FPH
EC	RSCH, ASPH, SASH, FPH
EC-Docetaxel 100 (6 cycle regimen)	RSCH, ASPH, SASH, FPH
Epirubicin	RSCH, ASPH, SASH, FPH
Eribulin	RSCH, ASPH, SASH
Everolimus (and Exemestane)	RSCH, ASPH, SASH
Gemcitabine and Carboplatin	RSCH, ASPH, SASH
Lapatinib and Capecitabine	RSCH, ASPH, SASH
Paclitaxel weekly - metastatic	RSCH, ASPH
Paclitaxel weekly - adjuvant	RSCH, ASPH, FPH
Palbociclib	RSCH, ASPH, FPH, SASH
Pertuzumab and Trastuzumab (Herceptin)	RSCH, ASPH
Trastuzumab (Herceptin) subcutaneous for early stage disease	RSCH, ASPH, SASH, FPH
Trastuzumab (Herceptin) subcutaneous for advanced	RSCH, ASPH, SASH
Trastuzumab (Herceptin) IV for early stage disease	RSCH, ASPH, SASH, FPH
Trastuzumab (Herceptin) IV for advanced	RSCH, ASPH, SASH
TCH	RSCH, ASPH, SASH, FPH
Trastuzumab emtansine (Kadcyla)	RSCH, ASPH
Vinorelbine	RSCH, ASPH, SASH

RSCH = Royal Surrey County Hospital
FPH = Frimley Park Hospital

SASH = Surrey and Sussex Healthcare Trust
ASPH = Ashford and St Peter's Hospitals NHS Trust

Please note:

Section on “Main Toxicities” includes only predictable and/or important side effects. For more information on side effects not mentioned, please seek further literature.

For more information on ovarian failure and fertility issues, see Appendices to protocols.

The following reference sources were used routinely and are not individually referenced on each protocol:
 Summary of Product Characteristics
 Dose Adjustment for Cytotoxics in Renal and Hepatic Impairment, 2009 update, produced by UCLH NHS Foundation Trust

Reason for Update: removed Bev+paclitaxel & ECx4 -Docetaxelx4 protocols; added Acc EC-Paclitaxel & carboplatin, and Palbociclib	Prepared by: S Taylor
Version: 23	
Supersedes: Version 22	Date: December 2017
